# WIRELESS SURROUND

## DALI PRESENTS TRUE ACTIVE WIRELESS SURROUND

Build a complete active wireless surround system without compromising great sound. At the centre of DALI wireless surround stands the DALI SOUND HUB wireless audio preamplifier.

When fitted with an HDMI module, the SOUND HUB becomes the brain of the wireless active surround system which can consist of speakers from the OBERON C, CALLISTO C and RUBICON C series.

Complete your wireless setup by adding an OBERON VOKAL C to enhance centre-channel audio and convert any active subwoofer to wireless operation with the DALI WSR (Wireless Subwoofer Receiver).

### HDMI MODULE

- 2-way active centre channel speaker
- 2 x 50W closed loop Class D power amplifiers
- 2 x 5.25" woofer with SMC
- 29mm soft dome tweeter

### HDMI MODULE

- 1 x HDMI input (ARC + eARC)
- Decode DOLBY + DTS (up to 7.1)

### DALI WSR

- 1 x subwoofer output
- 1 x USB power input

# WIRELESS AUDIO

UNLOCKING THE FULL POTENTIAL  
OF DALI WIRELESS AUDIO - WE CALL IT EQUI

The DALI EQUI family of active wireless speakers and electronics delivers great sound and ease of use.

Starting with the DALI SOUND HUB, you have plenty of options to create the music system of your dreams – all with the freedom of EQUI.

## DALI NPM-2i HI-RES WIRELESS STREAMING

The NPM-2i BluOS expansion module for the SOUND HUB allows multi-room streaming to compatible devices.

BluOS is an advanced multi-room audio technology that lets you stream music from all your favourite streaming services, radio stations and digital sources to any BluOS enabled stereo system or speaker, using the BluOS app ([see www.bluos.net](http://www.bluos.net) for more).

# OBERON VOKAL C SPECIFICATIONS

Frequency range ( $\pm 3$ dB) (Hz)	47 – 26,000 Hz
Maximum SPL	107 dB
Crossover frequency	2450 Hz
Crossover principle	Full active 24 Bit DSP
High Frequency driver	1 $\times$ 29 mm soft dome tweeter
Low frequency driver	1 $\times$ 5.25"
Enclosure type	Bass reflex (Front ported)
Reflex tuning frequency	46 Hz
Amplifier output power)	2 $\times$ 50 W
Amplifier type	Class-D
Wireless input	Full 24 Bit / 96 kHz (not compressed)
Wireless Audio RF Band	5150-5250 MHz and 5725-5875 MHz*
Input Mains	Universal mains 100-240 VAC
Maximum power consumption	62 W
Standby power consumption	1 W
Networked standby power consumption**	1.25 W**
Time to enter networked standby	< 20 minutes
Recommended placement	Shelf
Recommended distance to walls	1 – 50 cm
Dimensions (H $\times$ W $\times$ D)	162 x 441 x 295 mm
Weight	7.5 kg / 16.4 lb
Included accessories	Quick start guide, mains cable, front grille, rubber feet, silicone bumpers, cable clips

\* Excluding Japan

\*\* Please note that the speaker will remain in networked standby if the SOUND HUB / SOUND HUB COMPACT is powered off.

# RUBICON 8 C

NEW ADVENTURES IN HI-FI

WIRELESS

The new top of the line floor standing RUBICON 8 C is the ultimate active wireless high-end loudspeaker!

Combining high-end speaker design with modern convenience and technology, RUBICON 8 C takes the DALI EQUI family to new heights.

Whatever you throw at it, the RUBICON 8 C delivers a powerful and effortless performance that lets you enjoy your music - any music, in fact!

- Effortless Audiophile Performance
- Active Wireless High-End
- High Res 24Bit/96kHz wireless connection
- 3 x 6½" woodfibre SMC woofers
- Hybrid tweeter
- 2 x 250W amplification with DSP
- Zero loss technology
- Available in 3 premium finishes:
  - High Gloss Black
  - High Gloss White
  - Walnut

The DALI SOUND HUB is the perfect partner for the RUBICON 8 C. Stream Hi-Res audio including MQA, and add BluOS multiroom sound or wireless surround sound, with the optional expansion modules.

## DALI EQUI

### DALI EQUI – a family of no-compromise wireless active speakers and electronics.

Explore the full potential of DALI active wireless speakers with DALI wireless surround or multiroom stereo.

Building on our highly acclaimed zero loss wireless technology, DALI now completes the picture for anyone desiring excellent surround sound reproduction in a wireless experience, or multiroom music with BluOS (AirPlay 2 also supported).

The DALI EQUI family is the easy-to-use, scalable, and future-proof ecosystem to make your audio dreams come true.

#### SOUND HUB

Stream Hi-Res audio to your speakers and automatically switch between multiple sound sources. With its dual expansion ports, the SOUND HUB is easily upgraded with new features and capabilities.

#### HDMI module

Adds wireless surround sound to the DALI SOUND HUB. This ARC/eARC compatible module decodes DOLBY and DTS surround up to 7.1, and lets you mix and match speakers from the OBERON C, CALLISTO C, and RUBICON C series.

#### NPM-2i module

Adds support for BluOS, AirPlay 2, Spotify Connect and Tidal Connect to the DALI SOUND HUB. Stream music in up to 24-bit/192kHz resolution, with multi-room capability.

#### SOUND HUB COMPACT

Compact wireless stereo HiFi preamplifier. Get amazing TV sound with the HDMI ARC input; stream over Bluetooth or plug in your analog or digital sound sources. Use it with active wireless DALI speakers from the OBERON C, CALLISTO C and RUBICON C series.

#### DALI WSR

Turn any active subwoofer into a wireless subwoofer with the DALI Wireless Subwoofer Receiver.

## What is HDMI ARC & eARC?

HDMI ARC (Audio Return Channel) lets you send audio from your TV to the SOUND HUB or SOUND HUB COMPACT.

HDMI eARC is a more powerful technology supporting multi-channel audio (SOUND HUB only).
